

Resources for the Faith Journey

RCL Benziger resources incorporate all seven principles of Divine Pedagogy. Innovative features develop religious literacy and invite the integration of faith and life at every stage of faith formation.

Early Childhood

First Steps

The formative journey begins in the earliest years, with resources that appeal to the innate joy and curiosity of children ages 3–5. Rich in illustration and stories, yet grounded in solid catechesis, our programs capture the imagination of young children, appealing to their instinctive love of God and all creation.

Elementary

Building the Path

These trusted programs for Grades 1–6 provide an excellent foundation for developing a lifetime practice of the faith. Building on Catholic tradition and teaching, with sound catechetical methodology, elementary and intermediate students learn what it means to be Catholic and follow in the footsteps of Jesus Christ.

Junior High

Strengthening the Stride

RCL Benziger's junior high programs offer students the means for creative expression and studied growth in continuing their faith journey. *Be My Disciples* and *Blest Are We* build on the foundation established in the elementary grades with challenging doctrinal material and key Scripture stories that will help young people shape a mature faith life.

Sacrament Preparation

Milestones on the Journey

Eucharist, Reconciliation, and Confirmation are milestones that mark a new passage in the faith life of children, an invitation to go deeper into the spiritual journey. The varied resources offered here connect the sacramental theology of the Church to the experiences of children preparing for the Sacraments, and promote the benefits of a lifetime practice of receiving the Eucharist and Reconciliation.
